

How to setup Prepaid Wi-Fi Hotspot

1. Log in to the 2N®EasyRoute device on IP address **192.168.1.1** as an Admin. User: **admin**
Password: **admin**
2. Setup time server. Go to menu **SETUP** → **Network** → **SNTP** fill in the IP address (domain name) of some NTP (network time protocol) server plus setup your time zone. You can change the default NTP server to your local one which you know.
3. Enable Wi-Fi in menu: **SETUP** → **Wireless** (you can do the same in WIZARD menu). Note: when you are using HotSpot feature you do not have to set up the Key to access the WiFi network. When you setup the KEY for WiFi user will have to type in the KEY to access the WiFi network plus use the Code from HotSpot to access the Internet.
4. Enable Hotspot in menu: **SETUP** → **Hotspot** → **Basic** setup default values of the connection: Time of connection; Ticket valid time.

5. Enable billing: you can define the price of connection. Defined price = cost of connection per ONE hour.
 - Note: when admin enable Hotspot his MAC address will be automatically fill in the Trustees. Admin would not have to use the code to access the Internet. To use the code delete your MAC address from Trustees.

How to setup Prepaid Wi-Fi Hotspot

6. You can start sale/generate the codes:

In Admin account: **SETUP** → **Hotspot** → **Sale**

In Operator account: User: **operator** Password: **operator** menu **SALE**

7. Generated code can be sent to the customer over SMS or can be written on a piece of paper/bill.

- Fill in GSM number of your customer into **SMS notify** field. Click on **Send** button for SMS sending. The Code will be send to the customer via SMS.

The screenshot displays the 2N EasyRoute operator interface. At the top, the user is logged in as 'operator (User)'. The interface includes a navigation menu on the left with options: SALE, STATUS, SETUP, and LOGOUT. The main content area is titled 'SALE' and shows a 'Ticket created' status. The ticket details are as follows:

Time of connection	30	Min
Ticket valid time	15	Min
Serial	C402	
Code	805939	
Time of connection	0:30	
Ticket valid time	0:15	
Price	10 CZ	
SMS notify	<input type="text"/>	<input type="button" value="Send"/>

The interface also features a '2N TELECOMMUNICATIONS' logo, navigation icons for SETUP, SMS, and STATUS, and language selection buttons for Tr, En, and Cz. A 'Sale' button is visible in the bottom right corner.
